

Welcome to Neverland Pixies Our pre-school education programme

We recognise that there are different stages of a child's growth in the pre-school years and that every child progresses differently.

We offer classes to students as young as 18 months and focus on providing a stimulating and exciting class that develops a range of skills. These classes can lead your child happily into more advanced dance classes or simply help with your child's general progression in those important early years.

For our Toddler classes (18 months - 2 Years) we invite the parents to attend with the dancer and aim that by the end of the year the dancer may be working more independently. For our Pre School classes (3-4 Years) we ask that the child learns independently.

You are welcome to watch your child dance in our viewing studio or take this time to relax with a coffee at Pita Pit (on site) or Sip Kitchen (next door). Please note that we will observe your child in their first class and decide whether they are ready for that level, or too advanced. We reserve the right to move your child to a more suitable class so they are learning at their level.

Please visit our website to enrol and pay online or contact us at the details below.
